**Declaration of Dividends.** The Board of Directors declares the dividends for Share Savings, Share Draft (Checking), Holiday Wise Club and Summer Planner accounts, and IRA Share Savings accounts at the end of the month for dividends paid in the following month. For example: dividend rates for the month of August are declared at the end of July. Dividend rates for Share Certificates and IRA Certificates are declared weekly.

**Share Insurance.** Accounts are federally insured up to \$250,000 per member by the National Credit Union Share Insurance Fund (NCUSIF), part of the National Credit Union Administration (NCUA), an agency of the Federal Government. IRAs are separately insured for up to \$250,000.

The maximum balance is \$12,000. The balance will be transferred to your designated savings or checking account on November 1 for Holiday Wise Club or July 1 for Summer Planner Account. Your account will automatically renew unless you cancel. Summer Planner Account: One early withdrawal transfer will be permitted per year. Only school employees are eligible to open this account.	A credit union membership account is required to have an IRA. IRA accounts are governed by Federal Tax Laws, including but not limited to maximum contributions, early withdrawal, conversion from Traditional to Roth IRA, qualified education expenses and distribution of funds. You must advise the credit union for which tax year each IRA contribution is being made. If no tax year is designated, we will assume the contribution is for the current year. All terms and conditions of the IRA Custodial Agreement and Disclosure Statement apply.

### TRUTH-IN-SAVINGS DISCLOSURE: Share Certificates & IRA Certificates

<b>Rate Information</b>	This is a fixed-rate account. The Dividend Rate and APY will not change until maturity. The APY is based on an assumption that dividends will remain on deposit until maturity. If you make a withdrawal, your earnings will be reduced
<b>Dividend Crediting &amp; Compounding</b>	Dividends are paid monthly on the last day of the dividend period and at maturity. They may be added to the certificate balance or transferred to a savings account. If added to the balance, dividends are compounded upon payment.
<b>Transaction Limitations</b>	You may not add to or withdraw from the principal balance until maturity. Credited dividends may be withdrawn at any time with no penalty.
<b>Early Withdrawal Penalty</b>	There is a substantial penalty for early withdrawal. Withdrawal of any of the principal within the first six days will be subject to a penalty of seven days dividends. If the account has an original maturity of one year or less, withdrawal of principal which does not reduce the balance below the minimum balance will be subject to a penalty of 90 days of dividends on the amount withdrawn. If the account has an original maturity of longer than one year, withdrawal of the principal balance which does not reduce the balance below the minimum balance will be subject to a penalty of 180 days of dividends on the amount withdrawn. Withdrawal of an amount which reduces the balance to less than the minimum balance will result in the penalty described above being applied to the entire principal amount and in the cancellation of the certificate.
<b>Waiver of Penalty</b>	The penalty will be waived if early withdrawal is made: after the death of the certificate owner, for any reason the law establishes as a valid condition for waiver of the penalty (like depositor's total disability), on the basis of any permissible early distribution of an IRA recognized by federal law, as an incident of the liquidation of the credit union, or after the failure of the credit union to pay a dividend within ten days after the agreed date.
<b>Automatic Renewal</b>	At maturity, the certificate will automatically renew with the same term and the then current dividend APY unless you provide written instructions to do otherwise. If the term is no longer available, the certificate will automatically renew at the next shortest term unless you provide written instructions to do otherwise. There is a seven day grace period after the maturity date during which you may withdraw all or part of the certificate balance without penalty. No dividends will be paid on funds withdrawn in the grace period.
