

SCHEDULE OF COVERAGES

ULTIMATE GUARD

We will pay on behalf of or reimburse You for reasonable costs to repair or replace any of the Covered Parts listed below, using manufacturer's suggested retail prices and a nationally recognized labor manual, in accordance with the terms and provisions of this Certificate. The repairs may be completed with new, used or remanufactured parts of like kind and quality commensurate with the age and odometer reading of the Vehicle at the time the part or parts failed.

For Ultimate Guard Coverage, the definition of Breakdown is deleted and replaced with the following: means the failure of a Covered Part under normal service. A Covered Part has failed when it can no longer perform the function for which it was designed solely due to its condition. In addition, a failure will be deemed to have occurred when a Covered Part has worn beyond the manufacturer's tolerances allowed for the particular Vehicle at the mileage when the problem occurs.

Ultimate Guard Coverage covers all parts except those listed under the Exclusions Section of the Certificate.

The following emissions related components are covered: Air fuel ratio sensor; anti-knock sensor; fuel sensor; idle air control valve; intake air temperature sensor; intake manifold; manifold air pressure (MAP) sensor; mass air flow sensor; oxygen sensor; powertrain control module (PCM); exhaust manifold.
